Learning exposures to cater to differences with respect to technological

The collage displays various educational materials used in the classroom:

- World Map:** A map of the world with labels for 'Leards' and 'Red sea'.
- Beetle Diagram:** A detailed illustration of a beetle with labels for its body parts.
- Math Equation:** A graphic showing the equation $5cm + 2cm = ?cm$.
- Khan Academy Kids:** Multiple screenshots of the Khan Academy Kids interface, featuring colorful characters and educational content.
- Library Interface:** Two screenshots of a digital library with various book icons and categories.
- Parts of the Human Eye:** A diagram of the human eye with the text: "CORNEA: It is a thin transparent spherical membrane covering the front part."
- Electric Current and Circuit:** A diagram showing a Bohr model of an atom with the text: "Each atom has three particles: Protons, Neutrons, Electrons."

Teaching and Assessment through Online Resources

Students conducted game-based learning activities that fostered engagement and critical thinking. Through interactive games, they enhanced problem-solving skills and collaborative learning, making education enjoyable and impactful.
