Report on Faculty Exchange and Student Exchange and Research

Our college is permanently affiliated to Acharya Nagarjuna University, Andhra Pradesh. The management and administration of the college always supports and encourages the faculty members to do all sorts of research and extension activities. As a part of that the management encourage the staff members to visit to other colleges of Education and University departments and participate in the seminars and workshops conducted there. Staff exchange is done. Our staff members gave Demonstrations and extension lectures to the student teachers of other colleges of Education and as examiners for practical examinations. Our staff members who are also research guides of the University conducted a webinar for M.Ed. students and also for research scholars under other guides. Following are the staff members who went to other colleges on staff exchange.

Our M.Ed. students visit other Colleges of Education, to complete their 'Internship in Teacher Education Institution. During this period they observe the teachings of Teacher Educators, observe micro and macro teachings of student teachers, they teach different topics from B.Ed. syllabus, give Demos and also complete their data collection for dissertation. In the same way the M.Ed. students of other B.Ed. colleges come to our college and complete their Internship. In this way student exchange happens every year.

Lecture on Waste and Water Management

An awareness programme was conducted on 9th February 2023 on waste and water management, we invited K. Sunitha, lecturer from R.V.R College of Education Guntur. She explained that waste and water management are critical components for sustainable development and environmental conservation. Proper management practices not only protect natural resources but also promote public health, economic stability and eco system integrity. She suggested some strategies for effective waste and water management, that include relation, recycling, efficient use and pollution control. It is a collective responsibility that requires the participation of everyone, communities, Government and industries
