ALUMNAE MEET

22/11/2023

Impressions

This workshop on Guidance and Counselling techniques is very apt and most suitable to the teachers to be and teachers in service. I am very happy that the management has thought of such a useful topic. It has been a joy to meet all the alumnae too.

D. Vyaya Bhanu

Today's workshop is an able reckoner of the techniques in Guidance and Counselling. This is a tool kit to enhance the potentials of young people in a desirable manner. I appreciate the college for this refreshing experience.

Impressions-

Today's workshop regarding guidance & counselling, is very useful to every teacher. Helping the students to guide and counsel with all the potentials and we will assist them and encourage the overall personality. We learnt how to guide physically, mentally and social with different therapies (cognitive, psycho-, human) we will recognise the emotions and help the pupil to understand themselves. I understood how to convert ~~pass~~ negative feeling to positive feeling. I felt very happy and convey my thanks to the St Joseph college and also the Spandana Eda International.

Dr. Th. M. S. D. S.

Impression

Attending today's workshop on "Developing Guidance and counselling techniques", I should say, is a good opportunity for us as teachers. ~~of~~ ~~the~~ As the subject experts said now a days there is a lot of confusion among the students in developing their personality with all the overwhelming information around them which they can't handle in a proper way. Here we came to know the different ways of guiding ourselves first and also guiding the students of our school in a more scientific ~~way~~ way by using methods like behaviour therapy, cognitive therapy etc. Programs like this are a must to get acquainted with modern techniques of different aspects ~~which~~ which help our teacher community to make our students better citizens and make our country more powerful.

Thank you.
